Dear Harvard Club Members,

This fall, our Harvard Club will continue to host a number of extraordinary events for you and your fellow alumni – events which include community service activities, embassy dinners, book signings, museum tours, and talks with some of the leading lights of Cambridge, Washington, and the world.

Since 1883, our Club has provided unique and compelling opportunities for education and fellowship to members of our Harvard community here in Washington.

In addition, our Club is charged with supporting our Harvard and Washington, DC communities in several different and important ways. This fall and early next year, hundreds of members of The Harvard Club of Washington will interview nearly a thousand prospective members of the Harvard Class of 2017. Over the years, your Club has spent hundreds of thousands of dollars to support our local interview effort. The Harvard Club of Washington has granted hundreds of thousands of dollars in scholarships so that students from Washington, DC can attend Harvard. Over the past decade, The Harvard Club of Washington has granted nearly a hundred thousand dollars in scholarships so that students from Harvard can pursue internships and careers in public service here in Washington, DC.

All of this service and support is possible because of your membership in our Club. All of this good work is made possible by your generosity. The Harvard Club of Washington receives no funding from Harvard University. All of our funding comes from the generosity of members like you.

Please remember that your Club dues and your additional donations to the Harvard Club of Washington are fully tax deductible. If your employer provides a matching program for charitable donations – please consider asking your employer to match your contributions to the Harvard Club of Washington. We very much appreciate your support, and every dollar you donate to the Club goes to support our communities here in Washington and in Cambridge.

With your support, the Harvard Club of Washington will be able to continue to reconnect you with the more than 16,000 other graduates of Harvard who are a vital part of life in Washington DC. With your support, the Harvard Club of Washington will continue to bring together the very best that our communities here and in Cambridge have to offer.

Very truly yours,

Every two years the Renwick Gallery mounts an invitational exhibition of craft and decorative arts. "Craft," for better or worse, can still be a pejorative term in fine art circles. This year's invitational, "40 Under 40: Craft Futures," anything unifies this exhibition of contemporary approaches to craft, it's how uncrafty much of it feels.
